Newhouse students are encouraged to bring a computer to campus with at least 8GB of Ram and a 256GB hard drive. The Apple MacBook Pro 13" Retina Display model is the recommended system. The 256GB MacBook Airs will be sufficient if they are special ordered with 8GB of Ram. An upgraded computer option would be the 15" MacBook Pro Retina Display. A 4 year accidental damage warranty is also recommended.

Students will also need 1TB external drive with a Thunderbolt connection to interface with the schools computer labs. All necessary items can be purchased at the University Bookstore.
